

Overview

On the 17th December 2017 from 6.00 - 6.30 GMT (1:00 - 1:30 AM EST), Clicktools users may experience brief service interruptions as we make key updates to the Clicktools application.

Maintenance update

The following update is being applied:

Issue	Comment
SUR-1765	Salesforce report deployment working properly with reports that were opened by or created in, Salesforce Lightning.
SUR-1775	Added copy content to Modern Surveys. Currently we do not support cross version content copy. Copy Content works from Classic surveys into Classic surveys and from Modern surveys into Modern surveys
SUR-1809	Corrected issue with the Analyze Reports Response count being inconsistent with the Analyze Individual Status column
SUR-1856	Multi-Numeric filter no longer fails for filter conditions with decimal places
SUR-1860	Replace question icon for Modern Builder
SUR-1887	Label Slider/Multislider: Javascript error when pressing tab key to switch from value to label corrected
